

THOR MODTLAND

**EMPLOYEE OF THE MONTH
SEPTEMBER 2009**

I would like to nominate Thor Modtland for Employee of the Month because of his great innovations and ideas, along with many other great attributes he exemplifies.

He has saved, and continues to save, West Valley City money in many areas including man hours worked to complete jobs in the City Shop.

He has designed and manufactured equipment that makes our work in the shop easier and faster to complete.

Thor is also my immediate foreman and treats me with respect and dignity. It is a pleasure working under his supervision and for West Valley City.
